BURGERS

Craving a better burger? Look no further than our butcher burgers, made with a proprietary burger technology and guaranteed to leave a lasting impression. Each and every burger is carefully screened and held to extensive food safety standards, resulting in a larger, juicier, more flavorful burger.

TENDER PERFECT

Enjoy our naturally enhanced steaks and primals, hand-selected and economically priced to boost profitability. These juicy steaks are made from angus beef and receive ozonated sanitation to ensure safety and quality, while retaining moisture through the inclusion of sugar, starch and phosphates.

THE RASTELLI STORY

Rastelli Foods Group has been at the center of the food industry since 1976. It was during this year that we opened our first butcher shop, called The Meat Stop, in southern New Jersey. Our business quickly grew to eight locations and, today, we are a leader in fresh meats and seafood. We supply e-commerce consumers, retail grocers and the finest restaurants in the USA and internationally.

As a world-class innovator of food products, we set the standard in taste, quality, cleanliness, and safety from each of our food processing plants. We manage the food production process, hand trimming, processing and packing in our state-of-the-art facilities. Through direct ownership or proprietary partnership, we select the finest products for our customers and carefully monitor quality through the order fulfillment process.
